Our Famous Pork Pie

Groom's Cake

When it's all about the bride, this is how you bring a bit of YOU to the table.

Wedding cakes are designed to be admired.

A Pork Pie Groom's Cake?

That's a statement.

Built from stacked tiers of pork pies, this is a savoury take on a long-standing tradition of giving the groom his moment. Bold, unexpected, and far more than a novelty, each layer is made to be cut, shared, and enjoyed.

Wedding food, but proper.

Perfect for evening food, grazing tables, or to rival the main cake, our Pork Pie Groom's Cake turns a centrepiece into a talking point. Less about decoration, more about what people actually want to eat — a classy way to steal the spotlight, even if just for a moment.
